

Childrens Hospital By Eugene Grimley

Hi this is just to appeal again – for the family figures that Jenne needs for two special Summer projects at the Children’s Hospital starting on 20th June. Please make as many as you can. Figures should be about 7 inches (180mm) tall for the adult figures which works (ie.) 1 1/4” or 30mm per foot of height) . Please make some smaller sizes for children as Jenne needs family groups. As the figures will be painted (as part of each project) any wood can be used. We need lots!

The Plan is to have all the figures ready for delivery to Jenne by 20th June. Please let me know if you are making these by email to chairman@ulsterwoodturning.co.uk or by phone/text to 07866620879 so that we can keep you informed about gather pieces together for delivery to the hospital.

As Covid19 complicates things would it be possible for some members to volunteer by acting as collection points (where figures can be dropped off at the gate) so that I can tour round and collect them from each area and take them to the Hospital.

Other News

- The 2020 IWG National Seminar in Oct/Nov has been CANCELLED.
- In response to Covid19 your 2020 IWG membership will now be automatically renewed/extended through to June 2021 (at least).
- It may be that some members don't get or can't download Shavings. If you know of anyone in this position can you print them out a copy and give it to them.
- At present 25 members are actively using the Ulster Woodturning Facebook group. If you haven't joined yet why not do it now and keep in contact with what is going on in people's workshops etc.
